**EDUCATION:**

**Bowen School of Law, University of Arkansas at Little Rock:** JD, 2008. Arkansas Bar #2008148, Sept. 9, 2008. Externships: Arkansas Attorney General (utility division) and US District Court for the Eastern District of Arkansas.

**American University:** MA in US History, 1999.

**Yale College:** BA in English, with honors, 1988.

**EMPLOYMENT:**

2016-Present: **South Carolina Coastal Conservation League: Energy and Climate Program Director:**

- Manage a program of non-profit advocacy to achieve a wide range of clean energy goals, from opposing offshore oil drilling to expansion of energy efficiency and renewable energy.
- Manage intervention by the Conservation League dockets at the South Carolina Public Service Commission.
- Draft and lobby for legislation.
- Work with communications team for education of the public and policymakers.
- Coordinate closely with partner organizations and allied industries.
- Represent the Conservation League in informal and formal negotiations with regulators and the utility industry regarding renewable energy, energy efficiency, utility planning, and optimal public utility regulatory structures and policies.

2010-2016: **Arkansas Public Service Commission: Administrative Law Judge (Sept. 2015-Nov. 2017); Managing Attorney (Jan. 2014-Sept. 2015); Attorney Specialist (May 2010-Nov. 2014):**

- Advised the Commission on public utility and energy law and policy, including a major expansion of utility-funded energy efficiency programs;
- Advised the Commission regarding utility resource planning, expansion of net metering for renewable energy, environmental retrofit of a coal-fired power plant, and many general rate and tariff issues;
- Drafted rules and orders;
- Represented the Commission in regional climate meetings and other clean energy resource meetings.

2007-2010: **Consulting and advocacy:**

- Coordinated the Arkansas Business Leaders for a Clean Energy Economy, a statewide network of clean energy businesses supporting renewable and low-carbon energy solutions (supported at the time by Energy Foundation).
- Represented Audubon Arkansas during 2008-2010 in two Arkansas Public Service Commission proceedings; performed legal research, coordinated experts, drafted testimony and comments, negotiated with other parties and performed cross-examination at public hearings.
- Worked part time for the Arkansas Public Policy Panel from 2007 through Spring 2009 to recommend policies to the Arkansas Governor's Commission on Global Warming and to develop proposed energy efficiency and renewable energy legislation.

2006-2007: **Author**, *Getting Greener: Environmental Policies for Southern States*, Center for a Better South (Charleston, SC, August 2007).

2000-2005: **Senior Project Manager**, Planning and Conservation League Foundation (the California affiliate chapter of the National Wildlife Federation), Sacramento, CA:

- Co-led effort, in conjunction with Vote Solar and the California Solar Electric Industries Association, to pass legislation extending solar/distributed energy incentives and implementing air quality standards for certain distributed natural-gas-fired electricity turbines.
- Led multi-organizational effort to require state EIS for the California High Speed Rail Project to consider alternative alignments to better serve population centers and avoid major state park areas.
- Co-chaired air quality task force for California Environmental Dialogue.
- Provided research and analysis for comments on state EIS evaluating environmental impacts of State Water Project contracts to supply water to municipal and agricultural interests.
- Helped draft a statewide ballot initiative to fund public transportation, traffic congestion mitigation, and land-preservation; co-managed the ballot measure campaign.

1999: **Campaign Consultant**, Phil Giarrizzo Campaigns, Sacramento, CA. Advised state and local candidates seeking public office.

1989-1998: **Legislative Assistant/Legislative Correspondent**, Office of U. S. Senator Ernest F. Hollings (D-SC).

- Provided legislative policy support on transportation, civil rights, labor, education, and public health issues;
- Represented the Senator in negotiations regarding reauthorization of federal transportation programs;

- Advised the Senator regarding funding allocations within two Subcommittees (Labor/Health and Human Services, and Transportation) of the Senate Appropriations Committee, of which the Senator was a senior member.
